

Welcome to the Ojo Coaching Academy!

Coach: Tobi Ojo

Bio:

Hi! My name is Tobi, and I am a local San Diego tennis coach with over 17 years of playing experience and over 14 years of teaching experience certified with the Professional Tennis Registry. I am originally from London, England and moved to the USA in 2017 and ran a sales company. After moving to San Diego, I started coaching tennis full time. My main strengths playing are my serve, forehand and net game. My main strengths coaching: analytical and technical instruction, tailoring my instruction to each person and making tennis lessons fun and engaging!

I teach all ages and skill levels so whether you're a beginner, picking up a racket for the first time, trying to make the JV or Varsity team at your high school, haven't played since high school/college, you're a social/recreational player or you play in competitive leagues and tournaments I can help you take your game to the next level!

## **Testimonials**

Rafael:

Tobi is a very detail-oriented tennis coach. His main focus and concern is to identify and improve the mechanical and psychological foundations of your game. With his insight and your dedication, you are guaranteed to improve your game.

Sonya:

My boyfriend and I have had the pleasure of taking lessons from Tobi for the past month. We have both played tennis before but came into lessons after a long hiatus from the game and were extremely rusty. Tobi is patient, fun and engaging. He makes our lessons interactive, challenging, and interesting. The results of his coaching have been dramatic, and our play has improved significantly. Our rallies are now crisp and energetic, and our enjoyment of the game has increased accordingly! Additionally, Tobi's rates are affordable and great value.

Jeff:

Tobi was able to quickly identify and help correct a couple of fundamentals that have really helped improve my game. I'm a serve and volleyer and Tobi has helped me change my mindset. I've begun playing a much more attacking style of tennis!

Millie:

Over the past 6 months with Tobi's coaching, I have developed from being able to hold a rally for 2-3 shots and not knowing how to serve, to serving well and consistently, improving my footwork and strategy on court during games and I'm very proud of the strong ground strokes and volleys I can now do! I'm not the easiest person to coach (stubborn and under confident) but Tobi has been patient, calm and learned my style to successfully keep coaching me up.

Rockwell:

"Tobi has a really deep understanding of the game. And equally important he knows how to communicate that to his students to actually get them to improve, quickly."

Willie:

Tobi is a great tennis instructor. He took time to assess my strengths and weaknesses and gain an understanding of where I'd like to improve. In 5 minutes of court time, he identified the problems with my forehand and customized drills to make the fix. On top of his ability to develop your tennis strokes, Tobi does a great job of working strategy and shot selection into every lesson. If you're looking to improve and build confidence in your game, Tobi is the perfect coach.

Rajesh

Been practicing Tennis on my own for couple of years. Getting coaching from Tobi has been wonderful. I could see my game is getting better. He identifies mistakes well and gives proper techniques on improving it. Loving it so far :)
